March 31st, International Trans Day of Visibility

On Trans Day of Visibility, we celebrate the joy and resilience of trans and non-binary people everywhere.

2025, Has been a year where extremists and many government officials have waged war on the trans and non-binary communities right to exist, both their contributions to our vivid history and the everyday stories of strength and resilience.

**Federal Judge
Grants
Preliminary
Injunction
Against Trump's
Anti-Trans
Healthcare
Order**

In a victory for transgender people and their families, a federal judge has granted a request for a preliminary injunction blocking enforcement of President Donald Trump's executive orders threatening federal funding for providers of gender-affirming medical care for people under 19. The preliminary injunction extends a temporary restraining order that was previously entered in the case and was set to expire March 5

**The Federal
Trans
Sports Ban
FAILED to
advance in
the Senate**

The Senate rejected a bill attempting to amend a landmark civil rights law to exclude transgender students from nondiscrimination protections. The vote on the bill failed to gain the 60 votes needed to pass, ending in a vote of 51-45. Now the Senators who voted NO on the Anti-Trans Athlete Ban are facing push-back from anti-equality organizations and their supporters. We need to make sure we say "Thank You" For supporting Trans Kids.
